Chroma Center provides unparalleled quality scans for digital output & archives. Scans are available for all film types and sizes, including transparent and reflective materials. The scan will be exhibition quality for optimal digital output. Price includes basic digital spotting. For more specific requests please see our retouching pricelist. Costs below are based on output delivery of 8 bit 300 dpi in RGB profile. Add 25% for 16bit scan delivery. For large quantity projects or odd sized artwork please ask for more pricing and information: info@chromacenter.nyc
